

IN THE SECOND SESSION OF THE EIGHTH PARLIAMENT OF THE
FOURTH REPUBLIC OF GHANA

**REPORT OF THE FINANCE COMMITTEE ACTING
TOGETHER WITH THE LEADERSHIP OF THE
COMMITTEE ON HEALTH ON THE REQUEST FOR
WAIVER OF IMPORT DUTY, IMPORT GETFUND LEVY,
IMPORT NHIL, IMPORT VAT, EXIM LEVY, SPECIAL
IMPORT LEVY AND COVID-19 RECOVERY LEVY
AMOUNTING TO THE GHANA CEDI EQUIVALENT OF
THIRTEEN MILLION, THREE HUNDRED AND
EIGHTEEN THOUSAND, SEVEN HUNDRED AND
FORTY-FIVE EUROS AND SIX CENTS
(€13,318,745.00) ON MATERIALS/GOODS AND
EQUIPMENT REQUIRED TO BE IMPORTED FOR THE
CONSTRUCTION OF THE EASTERN REGIONAL
HOSPITAL AT KOFORIDUA – PHASE I BY MESSRS. JV
TYLLIUM-ELLIPSE UK LIMITED**

1.0. INTRODUCTION

The request for waiver of Import Duty, Import GETFund Levy, Import NHIL, Import VAT, EXIM Levy, Special Import Levy and COVID-19 Recovery Levy amounting to the Ghana Cedi equivalent of Thirteen Million, Three Hundred and Eighteen Thousand, Seven Hundred and Forty-Five

2.2. Healthcare delivery in Regional Hospitals requires more complex technologies and highly skilled workforce. It usually has a high concentration of resources and it is relatively more expensive to run in comparison to District Hospitals. The core functions of the hospital are healthcare service provision and training of health workers at pre-service and in-service levels as well as for continuous medical education. A Regional Hospital should therefore be sufficiently resourced, developed and supported to offer referral and specialised care to support primary care facilities within its catchment area.

2.3. Health service delivery constitutes the mainstream function of the Koforidua Regional Hospital and it spans the delivery of primary and secondary curative care services for out- patients and in-patients. It also serves as a referral centre and a centre of excellence for specialist, sub-specialties and secondary care. The Hospital is strategically placed to serve the medical needs of the Eastern Region and neighbouring communities.

2.4. The reconstruction of the Koforidua Regional Hospital falls within Government's commitment to upgrade health care infrastructure in the country as stated in the Government's 2016 manifesto. The reconstruction is intended to provide an ultra-modern hospital to render enhanced health care delivery to the people of the Eastern Region and its environs. The project is also intended to ensure equity and Regional balance to meet Government's commitment to the provision of universal health care delivery to the people in line with Government's vision under the Sustainable Development Goals (SDG3).

Hundred and Eighteen Thousand, Seven Hundred and Forty-Five Euros and Six Cents (€13,318,745.00).

5.0. OBSERVATIONS AND RECOMMENDATIONS

5.1. Parliamentary Approval of Project and Funding

The Committee noted that Parliament on 12th April 2019 approved the following:

- i. Facility Agreement between the Government of the Republic of Ghana (represented by the Ministry of Finance) and Standard Chartered Bank of the United Kingdom for an amount of Sixty Million, Two Hundred and Forty Thousand Euros (€60,240,000.00) to finance the Construction of the Koforidua Regional Hospital, AND
- ii. Tied Commercial Facility Agreement between the Government of the Republic of Ghana (represented by the Ministry of Finance) and Standard Chartered Bank of the United Kingdom for an amount of Seventeen Million, Six Hundred and Eighty Thousand Euros (€17,680,000.00) to finance the Construction of the Koforidua Regional Hospital
- iii. The Commercial Contract Agreement between the Government of the Republic of Ghana (represented by the Ministry of Health) and JV Tyllium-Ellipse UK Limited for an amount of Seventy Million Euros (€70,000,000.00) for the Construction of the Eastern Regional Hospital.

- d. 12 no. Housemen's Flats (1 -bedroom ensuite)
- xiii. Installation and supply of medical equipment
- xiv. User and Application Training
- xv. ICT Installation and Provision of Health Information Management System (HIMS)

5.3. Need for Waiver

The Committee noted that the provisions of clause 2.6 of the Particular Conditions of Contract (PCC) of the Commercial Agreement between the Government of Ghana and the contractor Messrs. JV Tyllium-Ellipse UK Limited exempts the contractor from the burden of taxes, duties and levies and other compulsory charges imposed under the laws of Ghana.

5.4. Equity and Quality Healthcare Provision

The Committee observed that Government is committed to enhancing health infrastructure in the country to bring equity and provide quality healthcare services to the general populace. It is in this regard that several interventions and efforts have been made towards the construction of numerous hospital projects across the Regions and Districts of the country, one of which is the new Eastern Regional Hospital at Koforidua.

5.5. Benefits of the Project

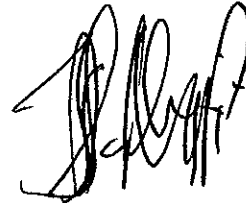

The Committee noted that the successful completion of the project would support poverty reduction by making quality health services available and affordable to the poor. It would also

Hundred and Seventy-Two Thousand, Two Hundred and Forty-Two Euros (€12,872,242.00) on materials/goods and equipment required to be imported for the construction of the Eastern Regional Hospital at Koforidua – Phase I by Messrs. JV Tyllium-Ellipse UK Limited in accordance with Article 174(2) of the 1992 Constitution of the Republic of Ghana.

Respectfully submitted.

.....
**HON. KWAKU KWARTENG
CHAIRMAN, FINANCE COMMITTEE**

.....
**MRS. JOANA A.S. ADJEI
CLERK TO THE COMMITTEE**
