## 5.0 **2015 PERFORMANCE**

During the 2015 financial year, the Ministry of Finance and its agencies undertook the following activities among others;

### **Economic Policy Management Programme**

Prudent Fiscal management efforts resulted in an estimated GDP growth of 4.1% by the end of the year as against a projected 3.5%. The Budget deficit which stands at ...% by the end of 2014 is set to be on target at 7.3%. This is largely as a result of good revenue performance, removal of energy-related subsidies and the containment of wage bill overruns. The Domestic Primary Balance achieved a surplus equivalent to 2.8% of GDP by the end of first half of the year of 2015. The Budget deficit was also reduced to 2.3% of GDP. In line with the Governments Medium Term Debt Management Strategy and Debt Management Policies, the pace of growth of public debt as percent of GDP has declined significantly. These developments amongst others have resulted in the country going through another successful performance review under the three year extended credit facility with the IMF. The Specific performance by sector is as follows:

### **5.1 Ministry of Finance (Head Quarters)**

- a) The Ministry in Association with the Institute for Statistical Social and Economic Research (ISSER) and the Overseas Development Institute (ODI) carried out a climate change public expenditure and Institutional Review;
- b) Conducted a survey on the impact of the decline in gold prices on Government revenue and employment and suggested measures of managing such impacts
- c) To eradicate extreme poverty and hunger and to achieve universal primary education, the Ministry undertook an evaluation on the impact of the Ghana School Feeding Programme, from its inception till the year 2015 in 50 selected districts. The findings revealed that the Ghana School Feeding Programme has significantly increased enrolment, especially girl child enrolment and overall performance in beneficiary schools, despite its challenges.

- d) The Ministry developed a financial programming model for Ghana and conducted a number of training and capacity building programmes in financial programming for officers of the Bank of Ghana, Ghana Statistical Service, National Development Planning Commission and the Ministry of Finance. The Ghana Financial Programming Model which will serve as an analytical tool for macroeconomic analysis and forecasting was finalized.
- e) The Ministry with the support of other relevant stakeholders revised the macro-economic framework for 2015 and also developed the 2016 framework.
- f) The Ministry initiated the 'Brown Bag' Policy Seminar Series to create a platform for policy makers and academia to interact and share ideas on topical research publications and to promote evidence-based policy formulation as well as capacity building within the Ministry.
- g) To ensure effective implementation of government policies and programmes, the Ministry set up a technical team to track and monitor the status of implementation of these policies and programmes.
- h) to facilitate the development and amendment of laws, regulations and codes of conduct for the financial sector, proposed suggestions for amendment on the draft Credit Union Regulations were forwarded to the Attorney-General's Department (A-G) for consideration and resubmission to Parliament.
- i) The Deposit Protection Bill as well as Banks and Specialized Deposit-Taking Institutions Bill (SDI) were submitted to Parliament for consideration. The Bank of Ghana developed proposals for the amendment of the Bank of Ghana Act, 2002, (Act 612) with the view to strengthening the operational independence of the central bank.
- j) The Ministry prepared and published the Medium Term Debt Management Strategy (MTDS) for the period 2015-2017. The objective is to lengthen the maturity profile of the entire debt portfolio and reduce refinancing risks associated with rollover of maturing debt within a shorter period. In addition, government developed and published the issuance calendar, in a bid to promote transparency and improve active market participation in the domestic debt market.

## **5.2 Financial Intelligence Centre**

- a. The Financial Intelligence Centre launched and implemented the National Anti-Money Laundering and Combating Financial Terrorism (AML/CFT) Strategy and Action Plan.
- b. The Center reviewed and consolidated the draft reports of the National Risk Assessment (NRA) Working Group. To strengthen the capacity of financial regulatory bodies, a number of officers were trained on AML/CFT, Financial Investigation and promotion of Financial Inclusion.
- c. The FIC also developed an AML/CFT Policy/Guideline for Designated Non-Bank Financial Institutions (DNBFIs).

## **5.3 Public Procurement Authority (PPA)**

- a. To improve procurement activities of public entities, the Public Procurement Authority undertook a nationwide assessment of procurement activities of over 1,000 Public Entities in compliance with the provisions of the Public Procurement Act, 2003 (Act 663). In addition, the Authority developed detailed Contract Management Manuals for Goods, Works and Services. The Authority also continued its training programme aimed at building procurement capacity within the Public Service and the Private Sector.
- b. The Authority in collaboration with the Public Services Commission, Office of the Head of Civil Service and the Local Government Secretariat and other key stakeholders successfully developed a document for the implementation of the Scheme of Service for Procurement Practitioners which is critical for the establishment of the Procurement Units within the Public Sector. In addition, a Migration Criteria was developed for the migration of the staff of the Supply and Materials Management Class (SMMC) onto the established Procurement Class in close consultation with SMMC.

#### **5.4 Ghana Statistics Service**

- a) The GSS focused on the implementation of the outstanding post 2010 Population and Housing Census activities; specifically, finalising the 2010 Census Gazetteer and updating and digitizing all the Enumeration Area (EA) maps of Ghana.
- b) The Service produced a disaggregated consumption-based poverty estimates for the 216 districts and 29 sub-metropolitan areas in Ghana. This is referred to as the Ghana Poverty Mapping Report, 2015. In addition, the Service completed the data processing, analysis and report writing activities of the 2014 Ghana Demographic and Health Survey (GDHS) as well as, published and disseminated the main report and key findings of the GDHS during the year under review.
- c) The Service produced the main outputs of the Integrated Business Establishment Survey (IBES) Phase I which included a register of establishments in the country, a report on employment, job creation report and the summary report. Key activities relating to IBES Phase II, such as the sample design and selection of establishments, pilot survey, training of trainers' workshop, the main training of field personnel and commencement of field work were implemented.
- d) The GSS also initiated the annual Labour Force Survey. Activities implemented were the development of survey instruments, sample design, pilot survey, training of field personnel and the commencement of the main field data collection exercise using Computer Assisted Personal Interviewing (CAPI) technique. ## 10.0 OBSERVATIONS

### 10.1 General Budget Performance

#### *Capital Expenditure*

The Committee noted that apart from the Ministry Headquarters and the Financial Intelligence Centre which used a total amount of GH¢779,530.63 out of the approved capital expenditure budget of GH¢3,000,000.00 to pay for 2014 outstanding claims and consultancy services, the remaining agencies could not utilize the capital expenditure budget due to the moratorium on commencement of new projects.

#### *I.G.F Retention Performance*

The Committee observed that, as at 30<sup>th</sup> September, 2015, a total amount of GH¢7,725,623.08 representing 50.94% of the planned budgeted expenditure of **GH¢15,164,866.00** has been realised and utilised as retained IGF. The Agencies of the

Ministry that collects and retain IGF are the Controller and Accountant General's Department (CAGD), Securities and Exchange Commission (SEC) and Institute of Accountancy Training (IAT). Examination of the performance revealed that SEC and IAT respectively achieved 85.62% and 71.55% whilst CAGD's achievement was 42.98%. It was explained that CAGD's achievement of less than 50% was due to its inability to implement the 2% service charge upon which its projection was made.

### ***Donor Budget Performance***

The Committee was informed that out of the total approved Development Partner Fund budget of GH¢61,949,327.00, the Ministry Headquarters had received and utilised 48.41% whilst CAGD had received and utilised 56.05%. The receipt and utilisation by GSS however, was 206.45%. The significant receipt and utilisation by GSS, it was explained was due to more than expected scale up support for the Agency and the depreciation of the currency. The detailed receipts and utilisation of the Ministry and the two Agencies are depicted in the Table below:

### **10.2 Budgetary Allocations to PIAC**

The Committee noted with delight that in line with the provisions of the Petroleum Revenue Management (Amendment) Act, a total amount of GH¢967,774 has been allocated from the ABFA under the Ministry of Finance budget for the implementation of the activities of the Public Interest and Accountability Committee (PIAC) for the year

2016. As Hon. Members may recall, PIAC was established under Section 51 of the Petroleum Revenue Management Act (Act 815) to:

- a. Monitoring and evaluating compliance with the Act by the Government and other relevant institutions in the management and use of petroleum revenues;
- b. Providing a platform for public debate on spending prospects of petroleum revenues in line with development priorities; and
- c. Providing an independent assessment on the management and use of revenues.

PIAC was also mandated by the Act to publish semi-annual and annual reports by the 15th September and 15th March each year, without a dedicated source of funding. This situation resulted in PIAC's over-dependence on donor support for the implementation of its activities.

The Committee is of the view that with this allocation, PIAC would be strengthened to effectively and efficiently carry out its mandate and also reduce its over-dependence on donor support. The Committee therefore urges the Minister to ensure the timely release of the funds to PIAC to enable it implement its planned programmes and activities timeously.

### 10.3 **2016 BUDGET ALLOCATIONS**

The Committee noted that 2016 GOG allocation has increased by an amount of GH¢36,840,713.00 (21.82%) over the 2015 allocation. The increase was mainly on account of increase in the amount of compensation of employees as a result of the new levels for categories 2 and 3 allowances and the 10% increment granted to public service workers for 2016.

Development Partners fund allocation also decreased by GH¢10,933,891.00 representing 17.65%. It was explained that some projects being funded under DPs have ended and the rest have been scheduled to end in 2016. IGF retained which also decreased by GH¢389,040.00 (2.57%) is also on account of reduction in the projected IGF retention by CAGD and reduction in enrollment of the Institute of Accountancy

Training from 150 in 2015 to 120 in 2016. Detailed analysis of the 2015 and 2016 allocations is shown in the Table below:
